

Membership Category Key:

Corporate Member: This is a business or organisation publically recognising the ESSA Competency Register scheme and that has signed a declaration to, so far as is reasonably practicable, ensure that all of their employees and sub-contractors involved in the types of work covered by the scheme will become registered to it over time, submitting evidence of their qualifications and experience appropriate to their membership category.

Qualified Electrician: This is an individual demonstrating formal electrical qualifications as well as both knowledge and experience of event industry specific electrical work.

Requirements: Formal qualifications eg City & Guilds, event industry references, years of experience, details of professional institute membership

Electrical Contractor: This is an individual demonstrating that, although not holding a formal qualification, they possess both knowledge and experience of event industry specific electrical work.

Requirements: event industry references, years of experience, details of professional institute membership
