working at height

live edge working (WAH & LEW)

ESSA | Event Supplier and
Services Association

- 1 AVOID WORKING AT HEIGHT - CAN THE JOB BE DONE AT GROUND LEVEL?**
Can the whole job or aspects of the job be brought to ground level? Thus avoiding LEW.

- 2 LIVE EDGE PROTECTION**

Provide adequate edge protection to prevent a fall occurring.

3

WORK PLATFORMS

Use a mobile scaffold or mobile elevated platform (MEWP) when appropriate and suitable.

Fall Arrest System

The fall will be arrested, allowing the person to effect a self-rescue or be rescued.

4

FALL MITIGATION Fall Restraint System

Protects a worker by keeping them away from the edge.

5

FALLING MATERIAL

Keep a tidy site and never throw items.
